FLYING GOES AHEAD.
A DUTY TO PRESIDENTS.
ITALY'S NEW SUBMARINE.

—By Arthur Brisbane—

AVIATION continues its progress.
St. Louis yesterday celebrated
quietly the anniversary of Lind-
bergh's great flight.

Miss Johnson, 22-year-old Eng-
lish girl, flying alone from Eng-
land to Australia, crossed the sea at
Java, landed for lack of fuel, then
started again.

The Graf Zeppelin is above the
Atlantic, under way from Spain
to Brazil, flying through a part of
the air ocean that has never seen
a dirigible.

PRESIDENT HOOVER yesterday
reviewed the warships and fighting
airplanes, in an interesting "mimic
battle" off the Virginia capes, the
sivory Los Angeles sailing over-
head.

It was a pleasant spectacle, and
President Hoover, commander in
chief of the army and navy, doubt-
less found time to remember that
one-half the air force of France
could destroy everything that he
saw on the water and in the air
and do it in less than half an hour.

PRESIDENT CALVIN COOL-
IDGE, Republican but a real
Democrat, sits on the porch be-
fore his half of a little road,
undisturbed by automobiles,
well loaded stopping and gazing,
one every six seconds.

Mr. Coolidge says it is the
people's duty "to back the
President." National success de-
pends on this support.

On the other hand, it is the
public's duty to be frank with the
President, and let him know
public opinion.

It is unjust to a President not
to let him know the thoughts of
the 115,000,000 Americans that
he will never see.

MUSSOLINI believes in emphatic
words and energetic deeds to back
them. Last week he told a crowd of
100,000 in Florence that Italy was
prepared for everybody, France in-
cluded. Now he is adding 22 sub-
marines to the Italian navy.

With those 22 submarines Mus-
solini could do a great deal to the
peace of mind of France, Great
Britain and other ship-owning na-
tions.

Peace is beautiful, but Mussolini
means to be ready for the other
thing.

MR. DORAN, prohibition com-
missioner, finds the prohibition
problem based on the fact that
"people are willing to pay \$10 for 15
cents' worth of sucker whisky."

"Sucker whisky," says Mr. Doran,
"is put in special bottles, corked
with aged corks burned with the
right mark, labeled with salt-water-
stained labels, packed in salt-water-
stained burlap and sold to country
clubs as 'just off the boat.'"

PLAYS FEATURE CLASS PROGRAM

Greenford High School Students
Observe Annual Events; Have
Interesting Program

Two one-act plays featured the
program when the seniors of Green-
ford High School observed class
night Tuesday evening at the high
school auditorium.

"He Tries to Tell His Wife" was
given by Lloyd Herold and Eleanor
Lambright, while "Cowology" was
presented by Arnold Prezenger and
Elven Cook.

The Calvin orchestra furnished
music and the high school students
sang "Goodbye, Old Pal, Goodbye" and
"Goodbye, Good Luck, God
Bless You." Other numbers includ-
ed:

Piano solo, Alice Dustin; oration,
"Minded America," Charles
Meyer; reading, "Her Letter," Dor-
thea Ohi; violin solo, Roy Ewing;
class prophecy, Carl McNamee.

The annual commencement ex-
ercise of the high school will be
held tonight.

City Solicitor To Speak At Meeting

City Solicitor Cecil K. Scott will
speak at the Kiwanis club meeting
at the Memorial building Thursday
noon.

Plans will be arranged for the

MAYOR REQUESTS GARBAGE ACTION

Wants Dumping Of Refuse In City
Halted; Scott To Prepare
Necessary Rulings

Enactment of an ordinance regu-
lating dumping of garbage in Sa-
lem city limits was requested by
Mayor J. M. Davidson at the city
council meeting Tuesday night.

Davidson appeared at the meeting
in behalf of the board of health,
of which he is president, and ex-
plained to council the need of the
ordinance's passage as an aid to the
city's sanitary condition.

Councilman C. F. Zimmerman fa-
vored the action in a short talk
and asked that a clause be included
in the ordinance placing a ban on
the dumping of rubbish on vacant
lots in the city.

President of Council George F.
Koonz delegated City Solicitor Cecil
K. Scott and the ordinance com-
mittee to prepare the ordinance and
submit it at the next meeting of
council.

STONEBREAKER TO LEAVE POST

Leetonia School Superintendent
Will Become Head Of
Lowellville Schools

E. P. Stonebreaker, for seven years
superintendent of schools at Lee-
tonia, was elected superintendent
of Lowellville public schools at the
meeting of the Lowellville board of
education Tuesday night.

Stonebreaker succeeds A. W. Rick-
secker, who is retiring at the close
of the present school term after
having served Lowellville schools for
19 consecutive years.

Stonebreaker, previous to accept-
ing the post at Leetonia, was super-
intendent of Wellsboro schools. He
is president of the Columbiana
County Athletic association.

Rotarians Hear Of Voyage Up Amazon

Experiences and adventures he en-
countered during a trip up the
Amazon river in South America
were discussed by Dr. Guy E. Byers
at the Rotary club meeting Tuesday.
Dr. Byers made the trip during a
famous expedition, following the
Amazon for miles. He participated
in exploration of the great river and
its chief tributaries during which
many interesting and dangerous ad-
ventures were encountered.

He showed slides and moving pic-
tures of the trip.

The meeting was in charge of
Atty Joel H. Sharp.

To Hold Inspection

The annual inspection of Sandy
Valley lodge, F. & A. M., at Hanover-
ton, will be held Thursday evening,
with Frank M. Justice, of Youngs-
town, as the inspecting officer. This
event will be preceded by the an-
nual dinner which will be served in
the Masonic dining room and also
at the Hanoverton Christian church.

COMMUNITY BUILDING POPULARITY REACHES PEAK IN LAST YEAR

Many Salem Organizations And Individuals Make
Use Of Center; 180,500 Take Part In
Activities; Benefitted By Fund

Memorial building activities,
reached a peak during the last year,
more events being held than at any
similar period in the building's his-
tory, Joseph M. Kelley, director of
activities there, announced today.

The Memorial building is one of
seven organizations which will
benefit from the annual Community
Chest campaign which will be con-
ducted here next Tuesday and Wed-
nesday.

"The building has rapidly de-
veloped into the center of com-
munity affairs in Salem," Kelley
stated in summarizing its popular-
ity. "Last year more than 180,500
persons used it for various pur-
poses."

Ask For \$8,250.
"We are asking for \$8,250 from
the 1930 welfare chest," Kelley
added. "Compared with other cities
where similar buildings are main-
tained for similar purposes, the bud-
get is about one-third and activities
twice as great. Where activities in
all other buildings have secretaries,
athletic directors and office help all
adding to expenses, all of the Sa-
lem community center's work is
combined under one head and its
upkeep is much smaller proportion-
ately."

Kelley showed how persons of all
ages used the building and listed
the following clubs and organiza-
tions and various functions held
there:

Two dancing schools, Kiwanis
club, two music schools, farmers' in-
stitutes, Dairymen's association,
Potato-Growers' association, school
cliques, Mullins Manufacturing cor-
poration social activities, band con-
certs, St. Paul's Catholic church
social functions, various holiday
parties, free musicales and lectures,
Travelers club, Book club, Boy
Scouts, Glee clubs, Manufacturers
association, Retail Merchants, Sa-

lem Business bureau, Quota club,
hospital nurses, American Legion
events, and others.

Deputy Thought Machine
Stolen Or Running
Liquor, Claim

LISBON, May 21.—The state is
expected to close its case against
Harry W. Kushing of Pittsburgh,
charged with second degree murder
in connection with the death of
James P. Elliott, late Columbiana
county deputy sheriff, this after-
noon. Four witnesses will be called
in to testify in behalf of the state
by Prosecutor John E. Baucknecht.

Mrs. James Elliott, widow of the
late deputy sheriff, was the princi-
pal witness for the state during this
morning's session of court, giving
details leading up to her husband's
attempts to place Kushing under
arrest for a traffic violation here
on April 5.

Mrs. Elliott, examined by Bauck-
necht, explained that her husband
started after Kushing in his car on
the theory that the accused was op-
erating either a stolen car or one
which contained a load of liquor.

"Drives 'Through' Light
She stated that she left home
with her husband for Jackson st.,
where they intended to turn around
before proceeding on their trip,
when Kushing passed them in his
machine. Her husband, Mrs. Elliott
stated, asked the man whether he

Centennial Park Has Served Salem People For 24 Years

Was Purchased As Fitting Memorial For Observance
Of Centennial Here; Deed Tells History
Of Purchase And Those Assisting

The 1930 summer outing season,
scheduled to get under way soon,
will mark the 24th year in which
Centennial park has proved an ideal
gathering place for picnickers, fam-
ily reunions, club meetings and
other events here.

The park was deeded to the city
in 1906, the year of the observance
of the city's centennial anniversary
and stands as a memorial in com-
memoration of that event.

The story of the park's founding
is told in a deed drafted by Henry
Nelson, former Salem resident,
which is on file in the office of City
Auditor Helen R. Woerther.

It was planned to hold a celebra-
tion in observance of the park's
founding this summer but this in
all probability will be delayed until
1931 when the park will be 25 years
old. The park is now open to the
public for all affairs, reservations
being made daily through Park
Commissioner Frank L. Rollins.

W. S. ATCHISON FUNERAL TO BE HELD THURSDAY

Merchant Was Leader In
Community Affairs
For Many Years

BUILT THEATER,

Active In Club, Fraternal
Church And Political
Circles Of Salem

Funeral service for W. Sherman
Atchison, Salem merchant who died
Tuesday afternoon at his home, 879
South Lincoln ave., will be held at
the home at 2:30 p. m. Thursday.

Rev. C. A. Roth, rector of the
Episcopal church, will have charge.
Burial in Grandview cemetery.

Friends may view the body from
7 to 9 tonight.

Mr. Atchison was born Aug. 8,
1884, on a farm near Elkton, the
son of Mr. and Mrs. J. Atchison. He
attended school in Lisbon and came
to Salem in 1884. With the ex-
ception of one year spent in Le-
Grand, Ia., he had made his home
in Salem since that time.

In Clothing Business
With his father he engaged in the
clothing business, under the firm
name of J. Atchison & Son, until
1909, when he disposed of his inter-
est to his brother, R. M. Atchison,
the store later becoming the Fitz-
patrick-Strain Co.

Active in Republican politics
throughout his life, Mr. Atchison
was appointed postmaster in 1909,
serving for five years. Retiring from
that position he engaged in business
with A. H. Kennedy, the two con-
ducting the Salem Wall Paper Co.
store.

In 1920 Mr. Kennedy retired and
Mr. Atchison opened a store on East
State st., under the name of the

Columbiana Man Is Found Dead In Bed

COLUMBIANA, May 21.—Patrick
J. O'Neal, 62, laborer, was found
dead in bed at a South Elm st. house
where he roomed.

O'Neal had worked until noon yes-
terday and was last seen at that
time. Another roomer in the home,
missing him last evening, went to
look for him and found him dead.

O'Neal, a native of Ireland, came
to Columbiana from Cincinnati. He
worked as a section hand on the
railroad for a time. He was a mem-
ber of St. Patrick's Catholic church,
Leetonia.

So far as is known he had no re-
latives. The body was removed to
Fry's funeral home, and will remain
there until the funeral service,
which will be held at 9 a. m. Fri-
day at St. Patrick's church; inter-
ment in Mt. Calvary cemetery.

GRAF CONTINUES ON WAY ACROSS WASTES OF SEA

Passes Island Groups In
Atlantic; Nearing
Cape Verde

PROBLEM FACING
DR. HUGO ECKENER

Heat Of Tropics May Be
Cause Of Gas Loss;
Bucking Winds

(By The Associated Press)
LAS PALMAS, CANARY IS-
LANDS, May 21.—The Graf Zepp-
lin, flying from Seville, Spain, to
Pernambuco, Brazil, today pushed
steadily across the east Atlantic to-
ward the equator, where the high
temperatures and unusual climatic
conditions are expected to subject it
to one of its severest tests.

There were three groups of land
between it and its goal, the Cape
Verde islands, 850 miles southwest
from the Canary islands, which the
Graf passed before dawn today; St.
Paul Islet, a mere speck in the mid-
dle of the Atlantic, and Fernando
Do Noronha, just east of Pernam-
buco.

Delayed already by contrary
winds it was expected that the di-
rigible might suffer other delays in
veering out of the path of local
storms which beset the tropical area
and in taking advantage of what
winds the area might offer.

New Problems To Face
There were besides, other techni-
cal problems connected with opera-
tion of a balloon which now con-
front the ship's master, Dr. Hugo
Eckener, for the first time.

The dirigible sent out occasional
long wave length bulletins on its
progress but kept up a more fre-
quent communication on a short
wave channel with Friedrichshafen.

After passing the Canary islands
the Zeppelin had about 850 miles
still to go before reaching the next
land, the Cape Verde group. It is
about 3,000 miles from the group
to Pernambuco, Dr. Eckener had
hoped to make Pernambuco in be-
tween 48 and 60 hours, which that
the arrival might be much later in
the day.

As the Graf nears the equator it
should encounter favorable trade
winds which will aid its speed ma-
terially.

Unusual interest has attached to
this trip of the Graf since it is the
first experience of any lighter than
air craft in crossing the equatorial
area. One expected feature, for in-
stance, involved loss of some of the
hydrogen lifting gas, by expansion.

CHORAL CLUB TO ENTERTAIN HERE

"The Holy City" Will Be
Presented In Church
Next Monday

The Salem Choral club, will pre-
sent "The Holy City" at the Meth-
odist church next Monday evening.

The club, which was organized

THE PRESIDENT'S VACATION

President Hoover, even as other men, needs an occasional vacation to refresh his mind and body. It may even be presumed that there are times when he would welcome an opportunity to shake off the cares of the presidency, including the leadership of the Republican party, and steal quietly away from the crowds which wait upon his every moment. That is human nature.

But politics do not make much of human nature where the president of the United States is concerned. He is leader of his party every second of every day that he occupies the White House. Presidents are more than executives; they are tools to carve out political destinies and, as tools, are useless when they are idle. That is one of the penalties of ascending to high places.

The rusty old jokes about "fishing expeditions" will be dragged out in all their glory this summer when Mr. Hoover makes his trip through the west. The mayor of Podunk will vie with the mayor of Smith's Corners in the matter of reception committees, and dire will be the threats of their congressmen if the president does not find time to say a few words to their constituents. The sparse population of the west is scant consolation; the president can be thankful that his vacation will not be spent in the more thickly populated east.

Mr. Hoover's character certainly will not permit him to accept this informal "stumping" as a welcome vacation concomitant. There is little doubt but that he would like to chuck it all and be Herbert Hoover, private citizen, for a few weeks. But it is not in the political book that he will be able to satisfy this whim. The west needs talking to and the vanity of local communities will be soothed with nothing but the real thing, if that happens to be available. Should Mr. Hoover prefer to remain silent he would be "unsympathetic." If he talks too much he will be "fishing," which will tickle his opponents to extremes of sarcasm. It is not amiss to wonder if \$75,000 net after all a small price to pay for such complete control of one man's time.

It would be very pleasant to see Mr. Hoover break these shackles for at least a day or two regardless of the consequences. There are times when refractoriness might do some good—even in a president. An airplane and a set of false whiskers should turn the trick. King Alfred turned it with less than that some hundreds of years ago.

THE NECESSITY OF PANTS

Dartmouth students are attracting much attention by a campus-wide departure from conventional leg coverings to shorts. Pictures and stories of these bare-legged revolutionaries sound a glad note in the dull chorus of male styles, but not a very important one. It is to be regretted that the daring young supporters of the Big Green have fallen into the way of all reformers and demanded 100 per cent support of their inspired pantless wave. He who discards not the regulation coverings and refuses to reveal his hirsute extremities to the curious gaze is a "sissy" and that spoils the whole idea. Contract of the pantless with the unpanted might have proved advantageous to the movement.

There is a strong suspicion in the mind of every observing human being that long pants are a product of civilization, growing out of the desire to appear at one's best. Just as there are ladies fair who stand abashed in short skirts, there are men who hide away in the woolly security of their long pants with happy hearts. In addition to this factor of mental comfort, there is the very strong consideration of protection from climatic rigors.

Male knees get cold, as any inspection of a group of kilted legs in unfavorable weather reveals, and when male knees grow cold they take on colors far from pleasing. Female knees are subject to the same laws, of course, but they are not so conspicuous for several obvious reasons.

If through some unforeseen circumstances the Dartmouth movement should catch on and conscientious pants objectors should be liberated from the tyranny of too much wool about the calves, a counter movement can be expected. Pants feeling runs high and is the sort of thing which can be excited to dangerous extremes. There is even the possibility of conflict between those liberals endowed with handsome knees and neat ankles, rounded knees and an aversion to hiding their legs, and other liberals who demand the right to conceal themselves as their anatomical peculiarities indicate they should be concealed. The panted, who could fight to great advantage with switches and poison ivy, would be heavy favorites.

A Copenhagen cable states that two astronomers of the observatory of Bergedorf, a suburb of Hamburg, Germany, have discovered a new comet of the ninth magnitude, which is our idea of another thing not worth staying up all night to work about.

The names of the twenty-five men arrested in Chicago this week, charged with participation in a \$2,000,000 alcohol conspiracy are: Frank Barone, Charles Argento, Vincent Argento, Joseph Almanza, Joseph Brugo, Patci Brugo, Thomas Bruno, Joe Brago, Sam Furnari, Cahmelo Gentile, Sam Giardina, Tony Dreco, Joseph Ingrasci, Frank Lacort, August Lalumia, Diego D'Logindice, Vincent Logindice, Ernest Nilo, Angelo Puma, V. Quadracci, Thomas Scupino, Sam Tornabene, Sam Vassallo, Josalisento Vitello and Tony Bruno. As an array of fine old American names, the list is not altogether convincing.

MORE BUSTS

The annual unveiling of the busts of eminent Americans who have been chosen for the Hall of Fame in the New York university took place recently with appropriate ceremonies. They consisted of memorials to John Quincy Adams, sixth president of the United States; George Bancroft, historian; James Fenimore Cooper, author; James Russell Lowell, poet and diplomat; Elias Howe, inventor; Patrick Henry, patriot and orator; Horace Mann, educator; John Lothrop Motley, historian; and Joseph Story, associate justice of the supreme court.

There is not an unworthy selection in the entire list, although, if the choice were left to others, we might have a number of substitutions. It is interesting to see how the fame of Fenimore Cooper survives. Opinions regarding his literary standing differ, but it is conceded that much of his work is enduring. Cooper, it may be recalled, lived in Burlington, New Jersey, and to all intents and purposes, was a Philadelphian. His "Last of the Mohicans" comes nearer to being a classic than anything else he wrote.

These memorials to the great men of the past serve a useful purpose. They not only honor the subjects, but they are an incentive to the ambitious young people of the present age.—Philadelphia Inquirer.

PAINFUL FEET

Statistics show that nine out of ten people have some form of foot trouble. Why is this?

Wrong fitting shoes. Wrong methods of standing and walking.

The nerves of the feet are connected with the nerves of the leg and body. Many a person has pains in various parts of the body and wonders at the cause. Many a stubborn case of headache, backache, poor circulation and spinal disorder, has been mistaken for neuritis, rheumatism or kidney disease when the trouble has been nothing but poor, misused feet.

Much damage is done by wearing too high-heeled shoes. A high-heeled shoe throws the arch of the foot out of position and the weight of the body is placed on the front part of the foot. The present fashion of too high heels for women is a foolish one, for it must bring with it many ills of the body.

Many people suffer from fallen arches. The majority of them feel aches and pains of one sort or another and become tired after being on the feet for awhile. By use of the correct shoe this can be overcome in time. Change the shoes and stockings often. This eases the feet immeasurably.

The proper care of the feet begins with cleanliness. Every night the feet should be thoroughly bathed. All day long they are kept in an almost airtight compartment. The feet perspire and the oil glands pour out their oily secretions. The feet need more bathing than the rest of the body. After bathing the feet, twist and turn them so that the muscles, nerves and blood vessels can be exercised and stimulated. Massage the feet gently. You will relax and feel better all over for this extra care of the feet at night.

Do not be forgetful of the necessity of careful selection and fitting of your children's shoes. Have them properly fitted to combine comfort and foot health as well as for looks. Many of the foot troubles of childhood bring on poor posture. The child does not complain of the pain, but symptoms of fatigue and weakness are often due to improper shoes. See that the stockings are not too short or too long, so as to cramp or injure the feet of your child.

This marvelous mechanism called the foot carries you on your way over the floor of the world. It gives grace to the dancer, cushions the descent of the pole-vaulter and carries the soldier with his heavy pack over dreary miles on the march. How little we appreciate its worth.

Walking is a fine art and one of the best exercises in the world. If your feet are to function properly, house them in roomy, comfortable shoes so that your body will be poised, your stride vigorous and easy and every movement of the body lithe and supple with energy and good health.

CHASE ENDS IN ARREST OF MAN; 2 OTHERS FINED

Patrolman Stoffer Fires
Shots To Halt Object
Of Tuesday Search

Emor Callahan of Greenford is being held in city jail here, charged with unlawful possession of intoxicating liquors, having been arrested by Patrolman Ralph Stoffer after an automobile chase through several Salem streets Tuesday afternoon.

Callahan was arrested on Woodland ave. after Stoffer fired several shots in the air and ended a chase which lasted several hours and during which Callahan several times eluded pursuit.

The man is reported by police to have alighted from a Youngstown-Salem passenger bus about 9 a. m. with a box under his arm. Being suspected of illegal dealings in liquor traffic, Stoffer attempted to apprehend him and examine the box but Callahan dropped the package and made his escape, police report.

Stoffer recovered the box which is alleged to have contained one gallon of whiskey. He secured a warrant for the man's arrest and searched the city for him.

Seen in Automobile
He was seen in an automobile driven by Joseph Shepard, Salem, early in the afternoon and Stoffer started his chase of the machine. Callahan leaped from the car when it is reported to have been driving at an excessive rate of speed and attempted to escape on foot. Stoffer stopped the police car, fired several shots in the air and Callahan surrendered.

Shepard was also arrested by Stoffer and charged with interfering with an officer and having aided and abetted a criminal and was fined \$25 and costs by Mayor J. M. Davidson on his plea of guilty. Callahan has not been arraigned.

A third arrest was made in the case when Del Callahan, also of Greenford, Emor's brother, made his appearance at city jail in an allegedly intoxicated condition and attempted to intercede with officers in behalf of his brother. He was lodged in city jail for his troubles and fined \$5 and costs on an intoxication charge.

HOLDUPS TAKEN BY DETECTIVES

Sawed Off Shotguns Menace Men
Surprised In Act Of
Stealing Jewels

BALTIMORE, MD., May 21.—Detectives with sawed-off shotguns trooped into a jewelry store on Charles st. in the midst of a hold up today and captured all three holdup men without firing a shot.

George Ruoff, the proprietor, and a woman patron were lying on the floor, bound and gagged. Ruoff's shop is on the second floor.

The woman patron, Mrs. Ellen De Lewenhaupt, surprised the raiders when she appeared there to keep an engagement with the jeweler, who was resetting a ring for her.

The bandits seized her, stuffed a gag in her mouth, bound her legs with wire and flung her face down on the floor.

A few minutes later a mail carrier, making his morning round, heard cries, tip-toed to the door of the shop, and then fled with the alarm that brought the police.

Ruoff had been beaten over the head with a black jack, but was not seriously hurt, police said.

WOMAN LEADER UNDER ARREST

Gandhi Followers Raided
By British Police
In Salt Action

(By The Associated Press)
DHARASANA, BOMBAY, May 21.—V. J. Patel, former president of the Indian legislative assembly who resigned his post to range himself with Mahatma Gandhi's civil disobedience campaign, arrived here this afternoon to lead the nationalist salt raiders in view of the arrest of Mrs. Sarojini Naidu, their leader hitherto.

Mrs. Naidu, Hindi poetess who succeeded Mahatma Gandhi and Abbas Tyabji as leader of the civil disobedience campaign, was arrested by British police this morning as she directed a raid on the government salt depot at Dharasana. One hundred nationalist volunteers, or satyagrahis as they are called, were injured in a clash with police during the raid. Others arrested were Manilal Gandhi, son of the Mahatma, The Mahatma's secretary Pyarelal, and Iman Saheb of Bwagir, a Moslem fellow worker of Gandhi's.

At almost the same time 300 unarmed police and 50 armed police under high officers raided the headquarters here of the all-India national congress. All office workers including the president of the local council, Narimat, were arrested.

Ninety-five volunteers starting at dawn from the congress house for a on the salt depot at Wadala were asked by the police to disperse. They refused and were arrested, later being taken to the internment camp at Worli, where other raiders imprisoned Monday were held.

GUARD CAPTAIN AT PEN DEMOTED

Said To Have Been Too Slow In
Unlocking Doors Of
Prison Cells

COLUMBUS, May 21.—John Hall, night captain at Ohio penitentiary was demoted to guard today by Warden P. E. Thomas as an aftermath of the Easter Monday prison fire in which 320 convicts perished.

Hall's demotion was effective May 12, the warden said. Since the fire Hall has been confined to his home with a nervous disorder.

Harry E. Laukhart, former member of the Dayton police department, was promoted to night captain and Guard Harold Whetstone of Columbus was appointed assistant night captain filling the vacancy caused by Laukhart's promotion.

Testimony at the state investigation of the prison fire was that Hall had been slow in ordering night guards to unlock the cells in which the prisoners were trapped.

Fifty-eight basketball teams played in the building during the 1929-30 season. There were 10 volleyball teams and 10 baseball teams together with various gym classes. The building maintains a supply of picnic equipment available to all club and organizations for use at outings. Baseballs, bats, medicine balls, boxing gloves, and all other necessary equipment is furnished.

Lodges hold programs there occasionally while at present church services are being held Sundays by the Holy Trinity English Lutheran church while the congregation's new church is being built.

The building is the official headquarters for the Community Fund campaign workers and will be the scene of the banquet which marks the opening of the 1930 drive Monday evening. Banquets will be held both Tuesday and Wednesday evening also.

The Straw That Broke Mr. Campbell's Back

True happening: A young lady asked to see a certain Straw Hat in our window.

"My husband, Mr. Campbell, has been breaking his back trying to look underneath that hat to know the price."

We're surprised!

We supposed that everyone in Salem knew of our low prices on Straw Hats.

They're — \$1.50 — \$2.00 — \$3.00 — and up to \$6.00
And let us add—that while Mr. Campbell was breaking his back—our sales on Straw Hats were breaking all records! New Caps for the Car.

In a banker it's Integrity

in a cigarette it's Taste

GOOD REPUTATION and high standards—these are among the banker's chief assets. Likewise, Chesterfield's.

SMOKERS THE WORLD OVER stick to Chesterfield because of its thorough dependability of quality, its unchanging good taste.

GOOD TASTE!—What smoker would trade it for any number of cigarette claims? No Chesterfield smoker would. For here choice tobaccos are blended and cross-blended to a finer aroma and a richer, milder flavor to give you the utmost a cigarette can offer... "TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price.

MAN BEATEN TO DEATH BY SON

Early Morning Battle Fatal For Aged Man; Slayer Gives Self To Police

CINCINNATI, May 21.—Vincent Lynagh, 21, said by relatives to have suffered from a mental illness, today beat his father Steve Lynagh, 76, to death with his fists. The slaying occurred on the second floor of their home.

The son walked from his home after the slaying and surrendered at a police station saying "I've just killed my father."

Officers asked him why he did it and the youth said "I had to do it. My father's mind and will were strong but mine was stronger."

Police went to the home and found the victim clad in night clothing, on the floor. The head was battered and the son's right hand was swollen and broken by blows rained on his parent.

A pair of blood stained pajamas was found in another room indicating the son attacked his father while both were in bed then changed clothing before surrendering.

Poetry Loving Cop Aids Author

EVANSTON, ILL., May 21.—Low Sarrett, happens to be the favorite pet of Policeman Fred Wynn which proved a fortuitous circumstance for him yesterday.

Sarrett, poet-professor, was freed of a traffic violation charge when the policeman who is fond of Sarrett's poetry, declined to testify against him.

Interests Join In Road Improvements

LISBON, May 21.—Four interests will join in expenditure of approximately \$600,000 in the completion and rerouting of State Highway No. 7, in Jefferson and Columbiana counties.

The present paved highway is to be extended from Stratton on the Ohio river eastward to the Jefferson-Columbiana county line, and that part of the road to be paved has already been graded.

Between the intersection of the Hammondville road and No. 7 at the Jefferson county children's home eastward, a concrete elevated highway is to be constructed over the tracks of the Pennsylvania Railroad Co., at Yellow Creek and a slow grade road is then to be built north of the railroad tracks into Wells-ville.

W. S. ATCHISON (Continued From Page 1.)

Salem Wall Paper & Paint Co. This he continued to operate until his death.

In 1889 Mr. Atchison and Frank Y. Allen built the Grand Opera House building and the two men managed the theater for five years. During that period they brought many first class shows to Salem, and the opera house acquired an enviable reputation among theatergoers.

An Active Leader

For many years Mr. Atchison had been active in the work of the Church of Our Saviour (Episcopal) and had long served as a vestryman. He was one of the organizers and enthusiastic leaders of the Salem Country club and had served as its president. He also was a member of Perry lodge No. 185, F. & A. M., and of the board of trustees of Grandview Burial Park association.

On Sept. 15, 1897, he was united in marriage with Miss Maude D. Woodruff, who survives, with two daughters, Mrs. Paul Myers, of Salem, and Mrs. Ralph Gee of Pittsburgh. Four grandchildren and two brothers, Dr. James B. Atchison and Robert M. Atchison, both of Salem, also survive.

Dies Suddenly

CINCINNATI, May 21.—A heart attack was fatal to Frank Lewis, clerk of courts of Hamilton county. He died last night at his office in the courthouse.

THE HOME KITCHEN

By Jeannette Young Norton

Many astute young housekeepers wrest a lot of time from kitchen duty by cultivating the picnic sense in the family. "Picnic" means informal meals not necessarily a jaunt to the countryside armed with baskets and trifling camping equipment. It may be merely a porch service of sandwiches on trays, plus attractive beverages and a few delicacies, but on a warm or balmy day may be much more acceptable than a formal dinner.

Since a picnic mood is likely to be spontaneous, appearing almost any time, it's the better part of convenience to have everything ready to seize on the mood when it arrives. That means an emergency shelf containing all the where-withal. And the more varied this stock the more frequently it will be used. Plenty of substantial ingredients, but also a few delicacies. Whatever is chosen should be influenced by the amount of labor involved in preparation, and if it's likely to develop into a fussy dish, then it's no picnic for cook. (Which brings up the puzzle of deviled eggs—that most popular of all picnic dishes, but which takes time and work to prepare.)

What the picnic shelf needs is a stock of foods that can be used as easy spreads. Chicken and other meats are always acceptable, and one can now have them in cans for emergency use. All the canned fish, tuna, salmon, sardines, kippers, plus anchovy paste in tubes, for flavoring will be useful. Canned mushrooms or mushroom paste, capers, India relish, pickled walnuts, pimiento, stuffed and plain olives, chutney, gherkins, pearl onions, sweet and sour pickles, catsup, soy and chili sauce are delicacies of flavoring which need be used only in small quantities, but

which so fit into each other that two or three foods can be cooked simultaneously over one flame. A fireless cooker either in combination with the gas stove, or as a separate unit also saves gas and heat—and although it does involve another expense, it pays for itself sooner or later.

When in doubt, the smaller flame should be used. Very few foods require violent cooking—and in fact, once water has come to the boiling point there is no reason for continuing to cook over a large flame. Water doesn't get hotter than boiling—after that it evaporates in steam. But it can be kept at the boiling point by using a simmering flame after it has come to the boil.

Another point that saves gas and heat—do not cook in large quantities of water. Nowadays with waterless cooking—and the well-established knowledge that excess water is wasteful in cooking—there is no need to heat a lot of water. The minimum quantity of water will save cooking, gas and heat—and not dissipate food juices in water.

A set of the right utensils will also aid in reducing heat and gas bills. There are on the market all sorts of triplicate saucepans, duplicate saucepans, tiers of saucepans, and a part of the building.

Oppenheim To Stay On Mt. Union Post

ALLIANCE, May 21.—Announcement was made today by Mount Union college officials that Prof. Richard W. Oppenheim had been re-elected as head of the conservatory of music, and had accepted.

Prof. Oppenheim has submitted his resignation, charging lack of cooperation on the part of college authorities. The announcement of the board of trustees said all difficulties had been settled.

TODAY, AS FOR YEARS

BUICK

DEDICATES ITSELF TO THIS BASIC

SERVICE POLICY...

"Satisfy the customer." This has been the service policy of the Buick Motor Company throughout the twenty-seven years of its history. And so faithfully has Buick followed this policy that today the familiar emblem of Authorized Buick Service means prompt, efficient and courteous maintenance to more than 1,500,000 Buick owners. Buick has twice as many owners as any other company selling cars priced above \$1200.

Here are a few of the many important points of Buick's Service Policy:

More than 4,000 factory-supervised Service Stations assure all Buick owners the same fine standard of skilled Buick service.

A written Warranty, covering the first 4,000 miles or the first 90 days of ownership, whichever shall accrue first, guarantees every new Buick car to be free from defects in material or workmanship.

Should parts or workmanship prove defective at any time during the Warranty period, Buick dealers will supply the parts and perform the necessary labor free of charge.

In addition to careful pre-delivery tests, the Buick owner receives two major inspections without cost—one after 500 miles and another after 1500 miles of driving. These include a thorough road test of all elements of performance.

The "Tourist" and "Change of Residence" clauses permit the Buick owner to change his residence as frequently as he desires or to tour any part of the U. S. or Canada and still receive the full Warranty benefits from the nearest authorized Buick dealer.

ALL BUICK dealers fulfill these provisions of BUICK'S service policy. All dedicate themselves to the task of serving promptly, efficiently and courteously.

WAR MOTHERS VISIT GRAVES

Gold Star Pilgrimage In France Reaches Big American Cemetery

(By The Associated Press)
ROMAGNE-SOUS-MONTFAUON, France, May 21.—Nearly two-thirds of the American gold star mothers looked for the first time today on their soldier sons' graves in the principal American military cemetery here. There are buried in this cemetery half of America's war dead in this country.

The mothers came in motor cars from historic Verdun where they spent the night resting from their long drive from Paris.

The sky itself was tinged with sadness and rain cut short the pilgrimage after an hour. Many of the mothers had brought evergreen wreaths, some entwined with flowers and others found wreaths ready for them.

Some brought little American flags which they placed on the graves.

The mothers, almost 200 of them, went in little groups to different parts of the cemetery and there prayed at the graves of their boys. There was some sobbing and all were wet eyed as they lived over again the day their sons departed, and the saddest day of all when came word of death.

When after an hour a squall of rain came, the mothers were hurried by the accompanying officers to the hostess house where they comforted each other and had lunch.

DEATHS

SHOWS LITTLE STRENGTH

NEW YORK, May 21.—Failure of high grade stocks to carry on yesterday's late rally caused some renewal of professional selling in the morning trading today after only a moderate and spotty show of strength at the opening.

Liquidation of U. S. Steel, American Telephone, American Can and Westinghouse Electric, all of which lost a couple of points, was accompanied by little sympathetic weakness elsewhere and the market hardened later as the resumption of pool operations in the food shares and a few specialties.

Worthington Pump, Liquid Carbonic, National Biscuit, United Biscuit, Loose-Wiles, National Dairy Products, DuPont, Columbian Carbon and Underwood-Elliott Fisher advanced 2 to 4 points. Hershey Chocolate, Continental Baking Co., Borden, Jewel Tea and F. G. Shattuck figures in the rally.

Money renewed at 3 per cent.

PENTECOST

(Continued From Page 1.)

ical and moral problems of his day. His answers were perfect in theory and practice, and if they had been followed, righteousness would have long since covered the earth as the water covers the sea.

At each door of divine revelation, that of the prophets, Christ or the church which is the body of Christ, there have come those from the world who have knocked, asking for a solution to their problems, but too often they have not been willing to comply with God's way and have answered back "By what authority dost Thou these things?" No sooner had Christ been born in Bethlehem's manger, than a demand from the world came by the person of Herod saying, "Go and seek diligently for the young child," he questioning the right of his existence in the expectant capacity as a king.

Was a Divine Miracle
That which took place at Pentecost was truly a divine miracle as that which took place on that hallowed night in Bethlehem of Judeah. The one was the birth of the only begotten of the Father full of grace and truth; the other the Church of the first born conceived by God the Father in Jesus Christ our Lord and was carried and nurtured close to his great heart of love and after passing through the valley of death brought her forth in life and power manifesting in and through her the reality of vital living salvation by faith, word and practice.

The Holy Spirit had inspired men to write the word and Jesus said before he went away, that another comforter would come "And when he is come, he will reprove the world of sin, and of righteousness, and of judgment."

Many these days are not reading the written word of God, but read every day Godly lives in shoe leather still attract attention when thrown on the screen of human observation.

"Ye are our epistles written in our hearts, known and read of all men," but remember "Without me ye can do nothing."

Now, those receiving the Holy Spirit at Pentecost invite again the world's questioners, saying "What meaneth this?" Their appearance was different, their speech had changed and their actions became strange.

Arrive At Conclusion
Some arrived at the conclusion that they were intoxicated, but Peter had a logical answer and a Biblical explanation, "this is that which was spoken by the prophet Joel."

If your life can not be circumscribed by the word of God, it must be that you are of the world and out side of God's will.

Now dear friends let us bring this right home to our every heart, for we are still in the Pentecostal dispensation.

Are we living lives that are different from the world?

Can the world see Jesus in you?

Is the world today knocking at our respective church door and asking "What meaneth this?" or are they knocking the church by saying "I do not see any difference on the inside than the outside?"

Can we give a Biblical explanation for our appearance, conversation and actions by saying "This is that?"

The word of God still speaks "Be not drunk with wine wherein is excess, but be filled with the Spirit."

The world may have it's joys but their excess leads to remorse and regret.

A Spirit filled life may have it's cross but "The joy of the Lord is our strength."

"Though in the World, not to the World to live, But to my God my service wholly give."

DRY LAW GETS CRIME BLAME

Chicagoan Tells National Safety Council Of His Ideas

CHICAGO, May 21.—Col. Robert Isham Randolph, president of the Chicago Association of Commerce, believes the liquor traffic largely responsible for Chicago crime.

Addressing the national safety council last night, Colonel Randolph, who heads the "secret six committee" organized to fight crime said, "whatever may be thought of the Volstead act responsibility for crime here can be traced to illicit liquor traffic."

"Beer costs \$2 a barrel to produce," he said, "and sells for \$60. Alcohol costs 40 cents a gallon to cook and they get \$12 for it. Enormous profits there. And the paying of enormous graft to somebody goes with it. Illicit liquor couldn't be distributed otherwise. We can't cope with crime as long as this source of bootlegging profits exists."

The speaker urged that crime news be printed on the front pages of the newspapers, saying "you can't clean a room by sweeping the dirt under the bed."

Train Hits Truck
Two Are Injured
MARIETTA, May 21.—Two Baltimore and Ohio railroad trainmen were slightly hurt early today when their locomotive wrecked on a F. P. Koons Co., grocery truck from Columbus at Mile Run crossing. A. L. Edwards, driver of the truck, was uninjured.

Edwards was hauling a consignment of groceries from the Atlantic and Pacific warehouse at Columbus to Parkersburg, W. Va., when the accident occurred. The train was obscured by a heavy fog, he told the authorities.

Youths Stage Real Wild West Stunt

COLUMBUS, May 21.—Four youths who treated west side residents to a real wild west exhibition were sought by police today. The youths drove up and down West Broad st., a main thoroughfare, and shot the lights from street lamps. When police flying squadrons arrived, the party had disappeared.

KUSHING

(Continued From Page 1)
had seen the "red" traffic signal he is alleged to have driven through. "Who the hell are you?" was Kushing's reply, Mrs. Elliott testified.

"Jim," Mrs. Elliott continued, "said that no man would drive at such an excessive rate of speed unless he was driving a stolen car or had a carload of liquor in it and immediately started after him."

She identified the overcoat worn by Elliott at the time. The coat had a deputy sheriff's badge attached to the right lapel.

Court Adjourns For Noon
The court adjourned for noon recess at this time, it being probable that the deputy's widow will resume testimony in this afternoon's session as one of the four state witnesses still to be called.

M. P. Ellsworth of the Ellsworth Chevrolet company, Salem, and R. K. Zimmerman, employee of the garage, testified that Kushing appeared in the garage with a discolored eye which was bleeding badly. He explained to them, Ellsworth stated, that a man had jumped on his car in Lisbon and had attempted to beat him.

Mrs. J. W. Robinson told of seeing Elliott attack Kushing, saying that he reached into the car with his right arm and struck him several times. Kushing, she testified, attempted to evade the blows with his open hand.

Mrs. Elizabeth Stockman and Frank Gamm of near Lisbon testified that they saw Kushing's car as it was driven past the county home near here.

Wendell Catlin and Homer Ritchie, employees of the Grate Overland company, Salem, gave testimony that Kushing drove his car to that garage on the afternoon of April 5 and that he had a badly injured eye and bruises about the face.

May Protest Action In Clearing Cannon

DALLAS, TEXAS, May 21.—As the quadrennial general conference of the Methodist Episcopal church, south, neared its close today, an attempt was begun to protest formally the exonerated of Bishop James Cannon, Jr., of charges of stock market speculation.

Apparently more concerned in the election of a third bishop and perfection of plans for the consolidation of several education boards, most delegates apparently considered the Cannon allegations a closed issue.

Fire Costly
COLUMBUS, May 21.—Appropriation by the state emergency board of \$30,000 additional for maintenance of national guardsmen on duty at the penitentiary since the Easter Monday fire, brought the total cost of the fire to the state so far to \$254,050, it was announced.

NEW TYPE GLASS ON GRAHAM AUTO

Windshield, Windows Of
Graham Cars Proof
Against Shatter

One of the outstanding features in the new Graham motors is the provision of shatter-proof glass in the windshield and windows.

Presumably glass cannot be made that will not break under impact. To speak therefore of non-breakable glass is simply to deceive one's self. There is no such a thing. But the next best thing to it is glass that will not fly into dangerous splinters when it is struck. This has been achieved and now is part of the standard equipment on Graham cars.

The danger not only of possible collisions, but the not unusual danger of being struck by a flying stone or bullet is well known to motorists of experience. To have this overcome by the provision of glass that will not fly in pieces into the bodies of the passengers is a great advance in rendering motoring safer.

Graham cars will be found to have all advanced features that are valuable. They are not a vehicle of vanity and extravagance, though they are famous for their fine appearance, but a simple and efficient means of travel and transportation.

High Compression Systems Result In Additional Cares

With the use of the new high compression motors in automobiles, it has been found necessary to pay considerable more attention to the proper cooling of the motor. In fact, the cooling system has assumed much more importance as successive improvements have been made to motors. In those cases where the cooling of the motor has not been up to efficiency the car has suffered. It may and usually does run along, though with decreased pep, but when the car is operating at higher temperatures than designed it is only the part of common sense to know that injury must result.

It is not sufficient in such cases to continue the patching of the damaged radiator. Expert as mechanics may be, and some of them are remarkably proficient in repairing damaged radiators, there must arrive a time when the water cannot circulate frequently, and the radiator is considerably less than 100 per cent efficient. Then it should be replaced by a new one.

Harrison radiators have proved themselves to be especially well designed and of sound construction. The old radiator replaced with a

new Harrison, frequently the motor's life will be renewed, and its operations will be so much more satisfactory that one will wonder why he did not think of this before.

The Axelrod Auto Wrecking Company, 26 East State, are the Salem agents for the Harrison radiator.

This company deals also in used auto parts. The wrecking business they maintain in four other cities as well as here gives them at all times an unusual supply of these parts. In fitting the car up for a contemplated trip over Memorial Day, probably a visit to the yards of this company will be profitable.

COAL DELIVERED IN SPRING-TIME

Deliveries Made Now By
Salem Concern At
Cheaper Rates

Likely as not the question of next winter's coal supply is one that you have not worried about yet. Perhaps if you took it up now and ordered your coal this month you would find it a decided money saving.

The Salem Builders Supply Company at 775 South Ellsworth ave., says that more and more of their customers are ordering this month, because they save money by doing so. Despite all that can be done to advance shipments, coal is bound to be more or less of a seasonal business, and with summer approaching the low ebb of the business is right now. The winter's coal supply of this city represents a huge sum. The coal dealers could not buy it all at one time even if that looked like good business. This same situation exists all over the country. Mines right now have difficulty in disposing of their product.

Consequently they sell coal now for lower prices than will be the case when all the coal yards are ordering rush shipments. The Salem Builders Supply company can obtain coal today cheaper than it can in later months, and it passes this lower price along to the consumer who is foresighted enough to put in his coal now. More than that, the company now has its pick of coal, and while it has and always will refuse to buy any coal that does not come up to its exacting specifications, the best possible quality sells now at prices that are away below the fall prices. Putting your money into coal today is better than putting it into the bank.

RADIO COSTS TO BE LOWER SOON, WILSON CLAIMS

Prevailing High Cost To
Decrease In Future
Salem Man States

"In placing the McMillan radio set in the homes of the people of our jobbing territory, which comprises eastern Ohio, western Pennsylvania and northern West Virginia, we feel that we are offering something in the way of original equipment and the service we put behind it that will add greatly to the enjoyment of radio fans," declared J. H. Wilson, secretary and treasurer of the Salem Tool company, which is jobbing headquarters for the McMillan and Commander radios.

In the McMillan we think we have a moderately priced set that will give as good results as any of them. It is outstanding in many particulars, and yet it can be had complete for from \$150 to \$250. That actually brings a leader down to the price of a while lot of such sets that are admittedly in the second rank. We do not want the McMillan judged by its price, but we welcome comparison with the highest priced outfits put out.

"In the Commander, too, we have a remarkably low priced set that is on a par with those selling for much more. It will come to pass, we believe, that prevailing high prices will eventually be brought down to more reasonable figures, and we are glad to be able to pioneer in this direction."

Then the idea of a jobber engaging a recognized expert in radio work like George Morrow to superintend the service of the machines sold through us and in the hands of our dealers is not a usual practice. Through it we hope that the users of McMillan and Commander radios will always have at their command the music and the oratory of the world in undeviating excellence of reproduction.

"Our local dealers, the E. L. Grate Motor Company and the Lease Drug Company, will be pleased to show you why we put our faith and efforts behind these radios, and you may see for yourself their excellence in all respects."

Care Of Gears In Autos Important

It is pointed out by A. T. Beall, of the Beall Battery and Electrical Service, 136 Penn ave., that practically all motor cars use some type of Bendix drives for the starting of their cars and that all of these drives undergo hard service. When the starter pedal is depressed and the starting motor goes into action the Bendix gear is driven into mesh with teeth cut in the rim of the fly-wheel, causing the motor to spin.

The continued clash of the gears coming together will wear the teeth on the fly wheel to a point where they may not engage. Then there is a jerk when these less worn are engaged or in instances the starter may spin without moving the fly wheel. A few revolutions of this kind before the starter engages will cut the gears badly.

The Beall concern carries in stock a good supply of these gears, and with its complete equipment is able to put them on quickly.

NEW YORK—A debutante who inaugurated a movement against late hours at dances so that business men would attend, has captured one of the most eligible bachelors. Miss Marka Truesdale is engaged to Grover Cleveland Loening, airplane designer.

Choice Of Builder Of Homes Important

People may not always realize it, but the choice of a contractor to build or alter a building is of as much importance as the choice of the architect who prepares the plans. In fact, most people who build would save money and get better jobs if they were to go to a contractor as they go to an architect, and state precisely what they want, taking with them the architect's plans and specifications, and then letting the contractor assume charge of the job and do it.

M. L. Hans, local contractor, has a great many clients, who rely upon him, and who want him to do their work. Especially is this true in the remodeling of old buildings, to which Mr. Hans has paid a lot of attention. His work in these jobs that have been entrusted to him in his years in Salem speaks for itself. The man who will give a square deal to one customer will be likely to do it with all, because it is ingrained in him that this is the right way to do business. So Mr. Hans works with the confidence of his customers, and the plan does more for them than if they were put to the expense of close supervision to see that the work is done right.

Well equipped with all the electrically driven machinery necessary, full of genuine concern to do good work, and helpful to those who are contemplating such work, Mr. Hans welcomes callers at his office, 522 East Sixth, or over the phone, 346.

"SARAH AND SON"

At The State

"Sarah and Son," Timothy Shea's
great best-selling novel of mother-
love, will be seen in its talking film-
ized version here for the last time
tonight.

Ruth Chatterton, of "Madame X"
and "The Laughing Lady" fame, is
starred in the central role of Sarah
Storm, the impoverished young
wife-mother who, stimulated by a
burning ambition to raise herself
from obscurity and to regain the
baby boy who had been spirited
away from her by her worthless
husband, finally achieves fame and
glory as an operatic star and
eventually is reunited with her son.

Fredric March, the romantic lead
of "The Wild Party" and of "The
Marriage Playground," is cast as
the lawyer who falls in love with
Miss Chatterton and helps her to
win both romance and the fulfill-
ment of her plan to retrieve her
son. The role of the little boy is
played by Philippe de Lacy. The
villainous husband is played by
Fuller Melliish, Jr.

"MATCH PLAY"

At The Grand

Two golf rivals, who have met
many times on the famous courses
of America, will be seen as golf
rivals in the Mack Sennett all-
talking comedy, "Match Play."

The players, both champions, are
Walter Hagen and Leo Diegel, the
former the four time winner of the
British open championship, and the
latter the holder of the American
professional golfers' title.

The rivals have met four times
in important tournaments, and the
score is even. Each champ has won
two matches and been defeated
twice.

In "Match Play" they will be
seen as members of rival pairs of
players, and each will perform some
of the amazing shots which have
won them championships.

"SONG OF THE WEST"

At The Grand

Joe E. Brown's comedy perform-
ance and the petite Marion Byron
are the redeeming features in
"Song of the West" which shows to-
night and Thursday at the Grand.
Brown is the real headliner despite
the fact that John Boles and Vi-
vienne Segal are cast as the stars.
The show is nothing more than the
usual western drama.

National League Race Tightens As Games Scramble Standings

Robins Remain In 3rd Place; Other Teams In Big Shift; Tribes Win

(By The Associated Press)

The amazing race of the National league clubs for the higher places in the standing has been the show in big league baseball from their rival circuit, four games were played yesterday in each major league, and while the American was offering a but one change in the standing, a shift of the seventh and eighth place clubs, the elder circuit left just two clubs in their former posts.

The Brooklyn Robins, who became the leaders only Sunday, held their place by trouncing the Phillies, still the tail enders, 16 to 9. All the rest shifted about. The New York Giants dropped from second to fourth place for the day's biggest fall while Pittsburgh made the best climb, going from fifth to third.

Boston Braves Rise

Even the Boston Braves, ranked of all outsiders, found themselves in the struggle as they downed the Giants for their fourth victory in the five game series. Led by Wally Berger, a hard hitting recruit from Los Angeles who seems to have found a lot of "cousins" on the Giants, the Braves pulled out a 10-inning triumph, 4 to 3. Berger scored both of Boston's runs in the regular nine innings, one of them on his ninth homer of the year. George Sisler drove in the rest, getting a timely single in the tenth after Larry Benton had weakened just enough to fill the bases.

The Braves are in sixth place today, having moved up a notch through their triumph, but they are only 3 1/2 games behind the league leading Robins. Brooklyn had almost no trouble holding the top as they pounded three Philly pitchers for 18 hits to get their 16 runs. Adolfo Luque was none too brilliant on the mound, but the heavy Brooklyn

hitting enabled him to last the distance.

Pittsburgh leaped up two places in the standing as Larry French shut out the Cincinnati Reds with four hits to give the Pirates their third straight victory. For seven innings French had a tight battle against Red Lucas, holding only a one run lead, but the Pirates came through in the last two frames to make it 5 to 0.

Cards Down Cubs

The St. Louis Cardinals followed the Brooklyn system, donning the Chicago Cubs 16 to 3 to move into second place and sent the Cubs down to fifth. The Cards got all their runs in four big innings.

Another St. Louis team, the Browns, brought about the only alteration in the American league standing by downing the Detroit Tigers, 8 to 2, and exchanging places with them. The Browns went into seventh place. They scored five of their runs in the seventh inning to drive Elton Hoggsett from the hill.

With the first and second teams, Washington and Philadelphia, enjoying a day of scheduled rest, the first division of the league improved its position a bit. The third place Cleveland Indians scored a double victory over the Chicago White Sox, who hold the fifth post, by scores of 7 to 3 and 7 to 5. Both teams hit freely, but Willis Hudlin, in the first game, and Ken Holloway and Wes Ferrell, in the second, made Chicago's blows less effective.

The New York Yankees had to go 10 innings to gain a 7 to 4 victory over the Boston Red Sox as Ed Durham did some great relief pitching. Taking over the job in the third inning, Durham gave only one hit up to the tenth, then weakened suddenly to yield three hits and as many runs.

Max Expects to Stop Sharkey

Max Schmeling, left, throwing his powerful left to the head, on his sparring partner, Andy Wallace, at Endicott, N. Y. With this blow Max expects to finish Jack Sharkey in their Milk Fund bout on June 12th.

Electric Furnace, News Teams Win One-Sided League Game

Electric Furnace and Salem News Agency teams registered easy victories in the city baseball league today. The Furnace-makers rolled up an 11-4 score on the National Sanitary outfit in an abbreviated five-inning contest while the News agency squad handed the Penn-Ohio Power and Light team a 15-6 pasting.

The News scored 11 runs in the third to romp off with the verdict. Two games will be played tonight at the park. The Maccabees meet the Mullins and Kiwanis clubmen play the Salem Hardware.

Federation Stands Against Pay Loss

BERLIN, May 21.—The International Amateur Athletic federation has taken a firm stand against compensating athletes for lost wages during Olympic games.

A Swiss-Dutch proposal that "broken time" be granted working athletes failed overwhelmingly of adoption, 18 to 4 at the I. A. A. F. annual meeting yesterday. Supporting the proposal along with Switzerland and Holland were only Finland and Sweden.

To counter-act the plea for broken time Great Britain's delegates were empowered to propose that the rules be made even more strict along that line than they are now.

Columbus Central Looks Like Winner In Ohio Field Meet

(By The Associated Press)

COLUMBUS, May 21.—Guy Kesler, coach of Central high school here, is growing pessimistic of his chances of winning the state high school track championship for the fourth consecutive year but the only answer his rivals can think of is "Oh yeah?"

Coach Kesler will tell you, and back it up with figures, that his team will be second to Lakewood by the time the half-mile and one-mile relays are called, and that victory in these uncertain events will be necessary to take the title.

Since Central's half-mile relay team is been credited with the fastest time in its event all spring and Central's mile relay team has never been extended in any meet, Coach Kesler's gloomy mein seems out of keeping with the facts. However, he might be right and Lakewood as well as Scott High of Toledo among others are anxious to be allowed to prove it.

They will have their chance Saturday in Ohio stadium where the 22nd annual state meet will be held. It is a fact however that Central will enter three defending champions in the meet and that Central athletes have hung up the best marks recorded all spring in the quarter-mile 220-yard dash and half-mile relay according to all available records.

What The Stars Did Yesterday

WOODS and WATERS by HOMER BOW

Commercial fishing is a bit removed from the category of the sporting angler, but inasmuch as the two touch at points the industry is of interest to anglers as well as those who are interested in conservation of Ohio's natural resources.

Some sportsmen, at least, are vitally interested in the commercial angler and have taken part in legislation affecting those fishermen. Then, too, commercial fishermen take the fish from Lake Erie that are used to stock inland streams and lakes and in some instances have been accused of interfering with the spawning of game fish.

The proposition has always interested me and I have made numerous trips with trap netters and had a desire to see the gill netters in operation.

Last week I motored to Vermilion and on the following morning sailed out of the Little Lake Erie fishing port on a steam-powered tug.

It took about an hour to reach the point where the captain, running a course by watch and compass, took his binoculars and located the buoys that marked his nets. Soon the mechanical lifters were raising the nets and bringing them in to the waiting fishermen, who were adept in removing the enmeshed perch, blue pike, wall-eyes and mullets from the nets.

The fish, coming up out of 40 feet of water, were all lively with but very rare exceptions. I believe there were perhaps six dead fish in the 800-pound catch and these were tossed overboard. Of undersized fish I can recall four. These were tossed back into the lake.

MORROW HAS NO OPPONENT NOW

Only Opposition Withdraws For Reason; Woman On Democrat Ticket Runs Alone

TRENTON, N. J. May 21.—Ambassador Dwight W. Morrow today was the sole candidate seeking the Republican nomination for the short term for United States senator from New Jersey. The sole Democratic candidate for the short term is Miss Thelma Parkinson of Vineland.

The short term, so-called, is to fill out the term of former Senator Walter E. Edge from the election in November to next March 4. David Baird, who was appointed when Senator Edge resigned to become ambassador to France, holds office only until the next election.

Mr. Morrow was left in possession of the field for the short term nomination by the withdrawal of Joseph S. Prelinghuysen, who announced that he had decided to concentrate his efforts upon obtaining the nomination for the regular six-year term which begins March 4 next.

Modern Method Lift Them Out CORN Callouses Go Too

The safest and real modern way to remove corns, roots and all—out to stay is soak them every night for 3 or 4 nights in an invigorating, stimulating Radox Footbath.

Then put on modish shoes again, walk and dance with greatest comfort because there's nothing left to ache. No pain, no trouble.

Radox liberates oxygen which softens hard outer layer of corn each night penetrating further and further thru the pores, carrying the salts to actual root of corn, so loosening it that it comes right out. Nothing like healthy, free from corn feet to assure happy days! Get a package of Radox at J. H. Lease Drug Co., Three Stores, or any drug store.

LITTLE STORIES OF FAST SUCCESSES

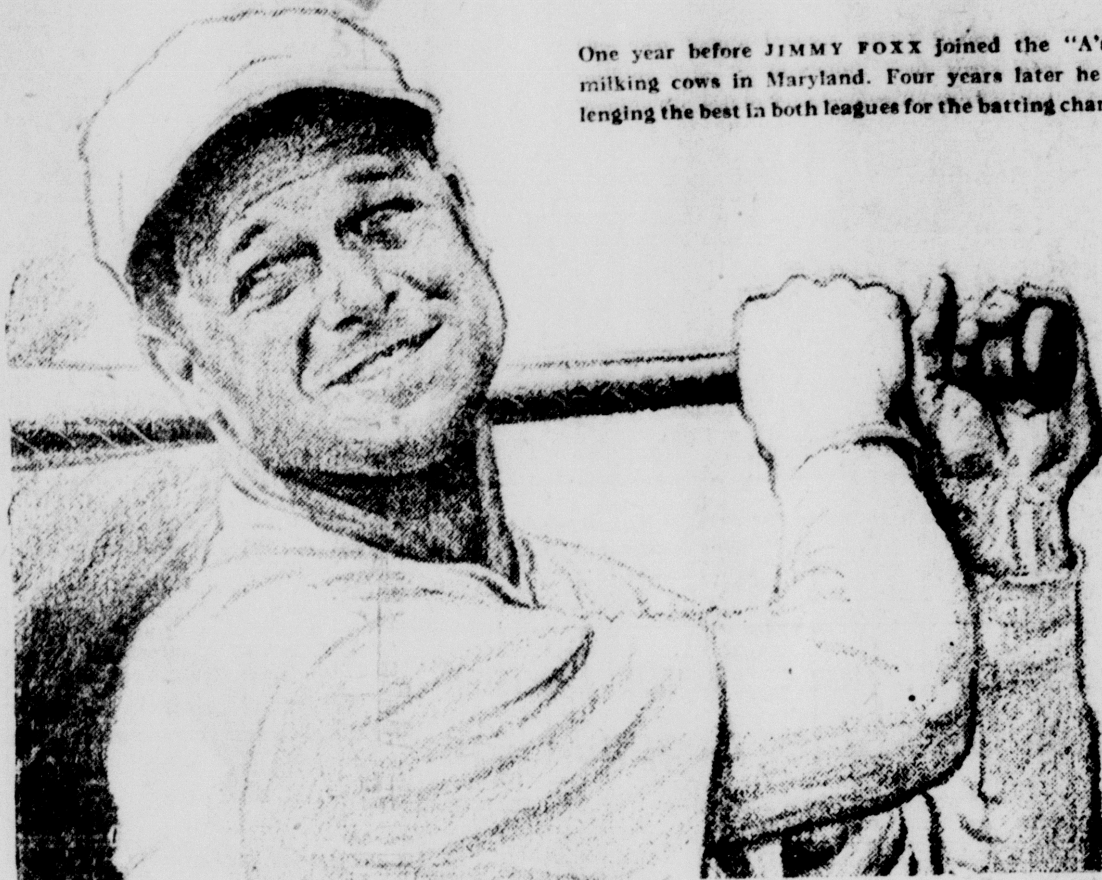

(NUMBER FOUR)
JIMMY FOXX

"Look at those shoulders! That boy's a natural-born batting wonder. No mere coddling or training could make a fence-buster like that!"

Jimmy Foxx was just a rookie when Canny Connie Mack gave him that size-up. Four years later he was crowding the swat kings of both big leagues for the batting championship.

And just that Nature-given goodness lifted OLD GOLD from a rookie brand to a big league leader in four years' time. Naturally better tobaccos . . . free from all throat irritating impurities.

OLD GOLD created an entirely new type of cigarette enjoyment. It added a new taste thrill and took out all the throat scratch. That's why its sales have eclipsed the record of three other leading brands combined, in a like period of their existence.

One year before JIMMY FOXX joined the "A's" he was milking cows in Maryland. Four years later he was challenging the best in both leagues for the batting championship.

In the Summer of '27 OLD GOLD was first put on sale in Baltimore. In less than three months it was one of the four biggest selling cigarettes throughout Maryland.

Something new in radio. Set the dial for KDKA on Friday evenings at 8 p. m. and hear "Decisions for Freedom." A thrill's in store for you.

FREEDOM GASOLINE AND MOTOR OILS

THE tell-tale "ping-ping, pong-pong" of a carbon-filled motor is bad news alike to man or maid. It steals fuel and robs you of power.

Users of Freedom gasoline and its companion product—Freedom Perfect Motor Oil—have ended carbon troubles forever. They have found that Freedom Perfect is different. That it contains no hard carbon . . . and less soft carbon than ordinary oils. And that it assures more hours of smooth, quiet operation, a longer-lived motor.

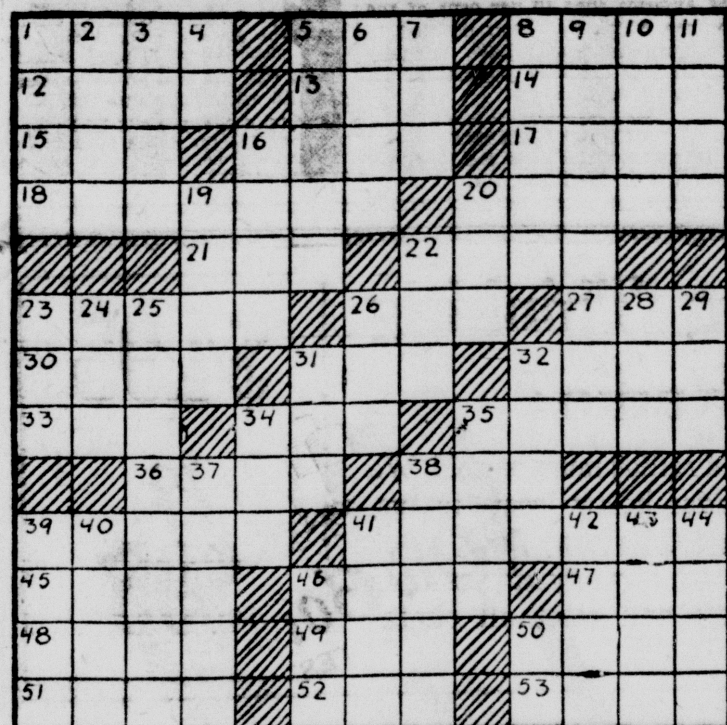

Freedom Perfect originates in the heart of the Pennsylvania oil country. That makes it good. Then it's super-refined and made wax-free by special Freedom methods. That makes it better!

Freedom Ethyl. This is regular Freedom plus the zip and dash of Ethyl.

Probate Court Activities

John C. Bancroft, guardian of Mary Bancroft, is to be cited to appear before Probate Judge Lodge Riddle for the reason he has failed to file an account as of Oct. 4 last. The application for the citation against Bancroft has been filed with the court by A. M. Barlow, Regional Attorney for the U. S. Veterans bureau.

According to the will of the late Winfield S. Shrumpley of Hanover township, the City Savings Bank & Trust Co., of Alliance, is to be named executor without bond. The will has been admitted to probate, and the estate will be appraised by J. Howard Howard Sinclair, county commissioner, E. G. Riggs and Frank Davis.

A bond of \$17,000 has been required in probate court from Josephine W. Adams, administratrix of the estate of the late Orin H. Adams of West township. This estate is to be appraised by Thurman Underwood, Everett Fishel and John Hill.

In the estate of the late Helen Dayton, of Hanover township, Harry Singer has been appointed executor by Probate Judge Lodge Riddle.

with bond placed at \$2,000. The appraisers of the estate will be Charles Swearingen, Dr. H. J. Pelley and Jerry Swan.

There will be no appraisal of the estate of the late John Myers, who died recently at Salem. Paul B. Myers has been appointed administrator of the estate, and the court has fixed his bond at \$10,350.

An application has been filed with the court by Willis R. Rupert, as administrator of the estate of the late Benjamin Rupert, for authority of court to make a distribution of bonds owned by the estate, and such authority has been granted and made a matter of record.

MRS. RAY PARRISH

Mrs. Ray Parrish, R. F. D. No. 3, Canton, Ohio, says: "Nothing I can say can possibly tell you how thankful I am to Owa-Ton-Na. I suffered so severely from neuritis pains in my arm and shoulders that I had to give up work. Now I am again well and happy. When I finally decided to try Owa-Ton-Na, I surely was in a badly run down condition but it didn't take this fine old Indian remedy long to route these terrible poisons from my system."
 "In just a short time my stomach was acting normally again, headaches and dizzy spells disappeared, my bowels acted regularly. Each day my kidneys showed wonderful improvement and then the pains started to leave me. Now I am back to work and can take care of it just as well as ever. Food digests properly, pains in my back and thighs are gone. Owa-Ton-Na certainly is a wonderful medicine and deserves no end of credit. I certainly deem it a pleasure to recommend such a fine medicine."
 Time after time Owa-Ton-Na has brought results when methods gen-

Foreclosure Action Filed
 Foreclosure proceedings have been filed in common pleas court by the Perpetual Savings & Loan Co., of Wellsville, against Amarilla Crawford and others to recover on a claim of \$3,557.49 and interest claimed to be due on a loan of \$4,050 executed as of Oct. 9, 1926. The loan is secured by mortgage on several tracts in Wellsville.

WASHINGTON—Senator Allen, of Kansas, has an idea for relatively inexpensive effective enforcement of prohibition. He told the convention of the Advertising Federation of America that 10 per cent of the money which has been devoted to enforcement would have virtually cured the drinking population if spent on advertising.

CHRYSLER "77"

SAVE \$200 to \$350

Effective at once, prices of current Chrysler "77" models are reduced \$200 to \$350—the greatest price slash in all Chrysler history.

This price reduction is occasioned by the fact that Chrysler will introduce—sometime in mid-summer—a new model to take the place of the present Chrysler "77".

Other current Chrysler models—"70", "66" and Chrysler Six—are being continued unchanged.

Here is the greatest bargain ever offered in brand-new motor cars. At \$200 to \$350 off, the supply will not last long. Act now. Your present car will be accepted in trade. Chrysler's liberal financing facilities are available.
